After three years active duty with the U.S. Marine Corps and 13 years developing a construction law practice, Paul Underkofler and his partner, Eldridge Goins, formed the firm which today counts 20 attorneys in a diversified business and business controversies practice. A graduate of Notre Dame and the University of Virginia Law School, Paul enjoys the unique challenge and stimulation of construction law.

Although personally inept with tools, he admires the artistry and skill of his clients and others in the industry who develop, design and construct projects great and small.
